

WFF 100 & WFF150 VORTEX FILTER MOUNTING BRACKET

FUNCTION: The WFF 100 and WFF150 Vortex Filter Mounting Bracket is made of stainless steel. It is designed to attach to an above ground tank and provide a level and plumb surface to rest the base of the WFF100 or WFF 150 Vortex Filter. The WISY Vortex Filter rests on the round plate and is secured by stainless steel self tapping screws.

Not to Scale
